Transform your work with the right light

Our range of lamps and magnifiers have been specifically designed for the needs of health and beauty professionals so you can see every hair, shade or lash with clarity and comfort and illuminate your area of work without shadows.

We craft our products to ensure the light they emit resembles natural daylight as much as possible. The brightness is optimised for colour tone differentiation, the light is diffused equally and our lamps can be positioned effortlessly. Our inspiration comes from our customers and we love hearing how our lamps have enabled them to work more precisely, accurately and creatively.

Bring daylight indoors with our beautifully designed, high-performance products. We hope you love your Daylight lamp as much as we do.

About Us

We create specific task lighting solutions.

Our lamps are functional and specially designed for the task at hand and have been continuously improved over the years. All our lamps remain true to three guiding principles:

LIGHT QUALITY

Natural daylight combined with the right brightness and spread of light

ERGONOMICS

Positioning the lamp exactly where the light is needed

DESIGN

We create contemporary lamps that look and work perfectly in your home or professional environment

Wall mountable

Table or workstation mountable

Easy to position with one hand

Aura On Arm™

RING LAMP

(35480)

A bright solution for efficient illumination in a sleek, space-saving design

Unique bright and flexible ring light featuring a super smooth extendible arm for effortless positioning. Its continuous dimmer switch allows seamless adjustment of brightness levels. The pivoting ring joint directs light precisely where needed and the strong wall and table mount provides universal fixing on any flat surface. Durable and streamlined design, perfect for professional Hair and Makeup Studios, Barber Shops, Tattoo Artists, and more.

FEATURES

- CRI 90+ daylight LEDs (6000K) for true colour accuracy
- Continuous dimmer switch for precise brightness adjustment
- Extendible arm (144 cm) with pivoting head for flexible positioning
- Durable, tool-free design - no wingnuts needed
- Wall or table mount for universal setup
- Cable length: 3.5m
- Lightweight (3.26 kg) with 3.5m cable for easy reach

Slimline Table Base™

[52107]

This elegant Table Base is designed to compliment the Slimline Table Lamps

With the original brushed steel finish, this is an ideal accessory to enable the Slimline Table Lamps to be moved away from the table edge and placed where required. It is also useful when the lamp cannot be attached to a table with its clamp. This base is not compatible when the Magnifying [91707] is attached to the Slimline Table Lamps.

COMPATIBLE WITH

- Slimline 4™ Table Lamps [35109], [35209], [35309]

Magnifying Arm™

[91707]

Turn your Slimline or Electra into a magnifier

Clip this magnifying arm onto the Slimline or Electra pole for a sturdy tool when creating detailed work. The 13cm diameter rimless lens with 3 diopter (1.75X) magnification and its flexible arm allows for easy positioning.

COMPATIBLE WITH

- Slimline 4™ Table Lamps [35109], [35209], [35309]
- Slimline 4™ Floor Lamps [35119], [35219]
- Electra™ Floor Lamp [35231]

Wall/Table Mount™

[53000]

Designed to securely hold lamps and magnifiers, providing a streamlined and space-saving solution

The durable design is perfect for a busy and professional salon or studio. Once installed on a wall or table, the mount adds functionality to your studio space, offering a reliable solution for utilising lamps effectively.

COMPATIBLE WITH
